"We all want to age gracefully, and Annique definitely has all the skincare products. Miracle Rooibos Tissue Oil is a true miracle 'Genie in a Bottle'. Whenever I have a wish for my Miracle Tissue Oil, it never disappoints. I started to use it when I found out I was pregnant with my son at the age of 44 and I never had one stretchmark. I can hardly see any wrinkles and it gives me a more radiant, glowing skin. And when it comes to my feet...no more cracked heels! I have just turned 49 and people simply do not believe my age! This has been a real beauty breakthrough....Thank you Annique!"

Marlene Viviers

*based on an independent panel test with 52 participants

Upon arrival at the processing facility, Rooibos bundles are sorted and carefully fed into purpose-built state-of-the-art cutting machines, which maintain a uniform cutting to ensure a consistent appearance of the final product. Cuttings are then bruised between rollers to trigger the important chemical process of fermentation which develop the characteristic amber colour and flavour of this tea, hence the name Rooibos. This month we celebrate femininity and womanhood in all its facets. As nurturers, lady bosses, role models and multi-taskers, we acknowledge the ways in which women make the world a better and brighter place. And what better way to honour our ladies than with Rooibos? Low calorie and naturally sweet, Rooibos tea can help you lose weight; alleviate allergies, skin irritation and stress. Make Rooibos part of your routine and reap all the health and beauty benefits this wonder-herb has to offer.

"Derma Protect is the best sun care product ever! I mostly use it on my face, because it leaves my skin soft and moisturised. Even if I only apply it once a day, my face does not show the slightest signs of being in the sun. I do a lot of walking and hiking and use Derma Protect for both. My face was lovely despite spending two days in the sun and, because it is absorbed completely, the dirt and grime does not stick to my face!"

"I have struggled with my weight for as long as I can remember. I was always unhappy and dissatisfied, which instilled feelings of hopelessness and self-doubt in me. I have tried so many meal plans and products on the market that simply never worked for me. In all honesty, I was hesitant to even give Annique products a chance at first. But when I did, I was amazed by how well it worked and how it made me feel. I started seeing real results, I felt more energetic with the ever so cliché 'zest for life'. If you can relate to my story, Annique products are absolutely for you."

RECIPE:

Place one teabag of each of the teas in large jug and add 2 litres boiling water.

1x Detox Tea

1x Rooibos & Fennel Tea
(Metabolism Tea)

1x Rooibos & Senna Tea
(Colon Cleanse Tea)

1x Green Rooibos Tea

1x Bladder and Buchu Tea
(Bladder and Kidney Tea)

1x Rooibos & Mint Tea
(Stomach Tea)

Can be enjoyed hot or cold.

"The recipe gets my approval. I would recommend adding the Rooibos & Milk Thistle & Dandelion Tea to cleanse the liver as it plays a very important role in aiding the slimming process.

What I have always added is Opti-ToniQ+ to help restore the body's acid quality in case the pH balance is not correct, which can also make weightloss difficult.

This recipe can be used to cleanse the system. Customers starting with slimming are recommended to drink 2 litres of the mixture a day, no coffee or fizzy drinks. The tea does not however, replace the water that you should drink each day."
