Accountability

CORE COMPETENSE

Maintenance
Project Management
Architectural Services
Sound Construction Practices

HISTORY

Since 2006, we have undertaken many projects and implemented our skills, know-how and experiences in design and build solutions, project management skills and related architectural services.

Today, we are taking on the role of assisting people in the small to medium residential projects to provide design and drawing inputs as well as maintenance solutions as a value-added service to our clients – all under one company.

Our objective is to provide our clients with an “I am assured” experience when we are chosen to execute their projects.

Our emphasis on clear communication and follow through procedures ensure that clients objectives are top priority in the planning and execution of all our processes.

PHILOSOPHY

- Create detail plans and time frames to meet the clients project objective
- Communicate clearly with all stakeholders
- Track project progress and fine tune deviations
- Supervise closely on quality of work done
- Complete projects on time – we take pride in our delivery

SERVICES

- Drawing of house plans with council submission and approvals.
- General maintenance with a monthly maintenance plan. - Please enquire on our month to month maintenance contracts.
- Small to medium building and alteration projects.
- Specialised sub-contractor work such as electrical and plumbing work.
- Handyman work
